Meeting Purpose:

To make a decision on a measurement definition for each parameter description in the parameter list spreadsheet. We will not cover all parameter descriptions in one meeting. This will be an on-going process.

End Result/Conclusions:

- Per the working group's feedback, definitions were selected for various parameter descriptions (started at row 53 and ended at row 71; there are 5 rows left to complete)
- To view the definitions selected, please see Version 7 of the PCM parameter list at http://www.gsaglobal.org/ams/index_wg.aspx?tab=2 (under Resources)

Next Meeting for PCM Working Group:

Date: June 30th, 2011
